SERVING THE GREATER CHICAGOLAND AREA

Our Company

Valley Fire Protection Services, Plumbing Division, offers the latest in plumbing innovation with the skills, materials, quality and professionalism to bring best-in-class service throughout the greater Chicagoland area.

A long time leader in fire protection systems, Valley is pleased to announce that we're now also applying our expertise in piping to the plumbing field. Now, our customers will benefit from our deep experience and commitment to offering the very best in service to every project from new construction to repairs and replacement to inspections. Our new plumbing division is fully staffed and ready to serve you!

Backflow Devices

TEST • CERTIFY • INSTALL • REPAIR

Illinois EPA regulations require that every building's backflow prevention assembly be inspected and certified annually. Our licensed Cross Connection Control Device Inspectors perform this service and provide the proper certificate to governmental agencies and insurance carriers.

[IL Rev. Stat. 1983, ch. 111½, par. 1004 (e)]

INSTALL & CERTIFY

Plumbing

Valley Fire Protection Services, Plumbing Division provides anytime service 24/7/365, because pipes work around the clock, not just during normal business hours, we do too.
